Fallsburg Celebrates Conclusion of Summer Season and Continued Presence Of Community Throughout the Year

THE FRIEDLANDER GROUP

Mr. Steve Vegliante, Town of

Fallsburg supervisor, visited the various seasonal developments and camps dotting the Fallsburg township, greeting and mingling with residents who comprise the vast majority of the Fallsburg population.

"I want to thank Steve for a job well done – we are grateful for his 10 years of leadership and the open-door policy to his

office which allows for a productive relationship between camps, developers and summer residents, businesses and indeed all-year-round residents in the township" said Mr. Abe Eisner, a prominent communal leader and Lake Forest resident.

"I am honored to lead a community that is a mosaic, featuring many people of many faiths.

Our job as leaders is to build a community that serves all, not just some of the year, but every month of the year ... and while Fallsburg was known as a seasonal community in the past, we have more and more people enjoying our town the entire year, and for that we should all be proud," emphasized Mr. Vegliante.
